GRAPHIC DESIGNER

PORTFOLIO.

WEB DEVELOPER

Designing visual identities. Building digital experiences.

HELLO!

I am JP, a 20 year old Graphic Designer & Frontend Developer who loves building meaningful visual experiences and functional web interfaces.

I blend creativity and code to craft designs that are both beautiful and useful.

EDUCATION

Ateneo de Naga University,
2024 -

Currently a third year Information Technology student.

WHAT I DO

- Frontend Design
- UI/UX Design
- Branding & Visual Identity
- Publication Design
- Poster Design

EXPERIENCE

Lideratos kan Nueva Atenista, 2024 - 2025
As a Creatives Volunteer

I help designed publication materials, brandings, and posters for the school organization.

Notion@ADNU, January 2025 - May 2025
As a Creatives Committee Volunteer

Volunteered as a graphic designer handling publication materials and integrating Notion in our workspace.

BITS - TACTICS, August 2025 - Now
As a Creatives Committee Volunteer

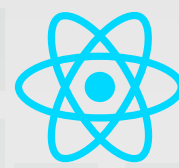

Worked with other people creating publication materials, brandings, and poster designs for the departmental events.

ThePillars Publication, August 2026 - Now
As a Full-Stack Developer

Supervised and implemented up to date software services and development to the Official Ateneo School Publication.

CARES - CENTRALIZED ATENEO RESPONSE AND ENGAGEMENT SYSTEM

Course System

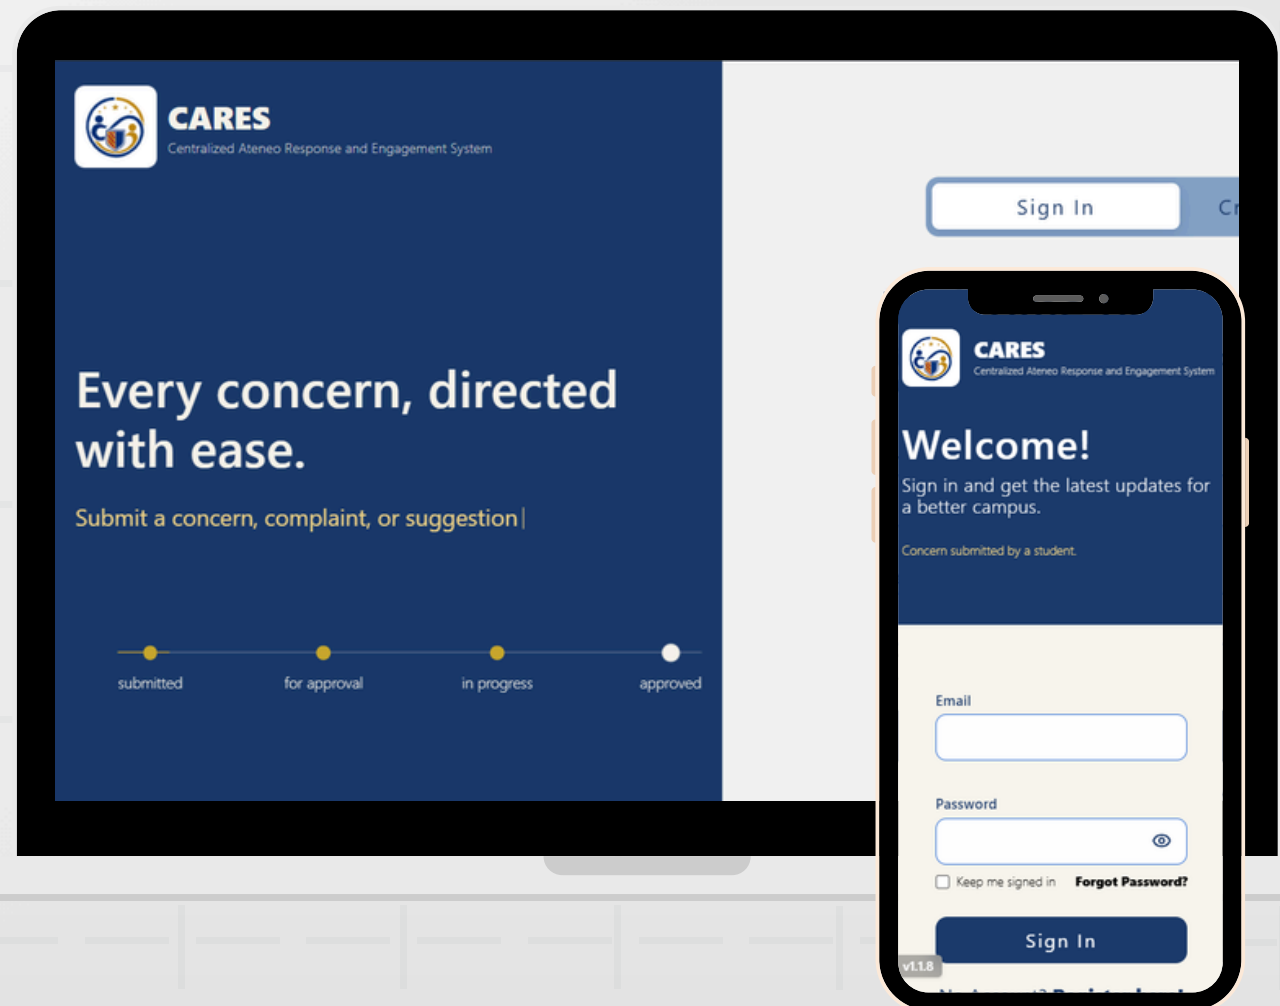

Project Overview

CARES is a web-based system that streamlines student and institutional concerns towards the correct channel and providing the educational institution a platform to address their concerns and appointment scheduling towards specific offices, departments, or faculties.
